Wait write on explanation text

How an xbox works

↳ Everyone thinks a xbox works on electricity but they are wrong. It really works on legs. If you listen to this tale you will find out how an xbox really works.

like when you turn your xbox on it connects to a siren that can only be heard by spiders. When they hear it they go to the xbox and sit in a resting place. Then they stretch their legs and spin the cog//

After a while when a person pushes the button the spider get a shock and if they have do ~~with~~ another they get punished they pull

16.15

and if they legs off // when one of their legs are off they still have to do the work. It so government think we should do

that others say they should so the argument will go on forever //

Some spiders can actually talk so they tell them to pay them money wednesday they want them to pay them if food. But they said no so another argument is going on.

the bolts down with his crown and
 might Zeus throws the bolt and it
 strikes the ground but on the
 lightning it will light things on it

This might surprise you but Zeus has
 one hundred thousand bolts of lightning
 in the world well he never ends it.
 If you didn't know the power
 of a bolt of lightning one shot from
 a big golden car on wheels
 a hole is it for the bolts.

When it rains Zeus can't get paid
 by the government so he goes
 for his old job in lightning bolts
 but he's only able to see
 the lightning bolts because of
 a large human error of such
 power of a strike.

How lightning really works

Which word makes more sense?

Basic Definition

Lightning can be found in clouds all
 around the world. Lightning is made
 of electricity that flows through
 the air and strikes the ground.
 It makes a lightning bolt.

Zeus makes his lightning bolts with
 sticks of lightning bolts so he can
 make a lightning bolt that
 we always see on the side when it
 rains.

Ⓛet's talk about lightning

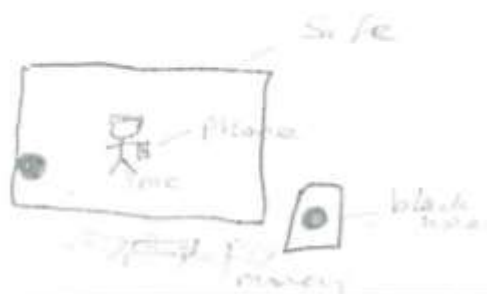

The word "lightning" is hard to
 that means the plan is working
 and Zeus gets paid in ten cents
 a day so he can cause lightning
 bolts. If this arrangement were to end...

WALT: develop a resolution to a story.

I knew the black hole had stopped. I was trapped. What could I do? It was dark and hot. I know I can use my phone but there was no signal. I was there all night. All of a sudden I woke up with the sound of the safe opening. There stood the boss looking at me with an angry face. You were fired he said. That's the last time I use a Photocopier.

* Fantastic work!

You have used a clear method and worked out your change!

$$18 - 5 = 13$$

WALT: Use known facts to mentally solve multiplication and division problems.

18.5.15

Circles

WALT: Use known facts to mentally solve multiplication and division problems.

$$3 \times 4 = 12$$

$$6 \times 7 = 42$$

$$45 \div 9 = 5$$

$$36 \div 4 = 9$$

Use one of the facts above to help you solve the calculations below. Under each one write which fact you used and how you did it.

1) $70 \times 6 = 420$
 $6 \times 7 = 42$

2) $\frac{1}{4}$ of 36 = 9
 $36 \div 4 = 9$

② Talked about using what they know to help them work out the answer.

3) $42 \div 6 = 7$
 $7 \times 6 = 42$

4) $420 \div 7 = 60$

5) $4 \times 9 = 36$
 $9 \times 4 = 36$

6) $450 \div 9 =$

7) $12 \div 3 =$

8) $36 \div \underline{\quad} = 4$
 $4 \times 9 = 36$

9) $5 \times 9 =$

10) $3 \times \underline{\quad} = 12$

Make up 4 calculations of your own that can be solved using the calculations above.

Write your own facts and then some calculations for a friend to solve.

Day Monkey and Night Monkey - by Julia Donaldson. Name: Leah

Wait: to write a diary of a night monkey. (Include: connectives, capital letters, noun phrases, full stops)

Today I went out in
 the day x it was
 so very scary x and at first
 I saw a ~~at~~ shadow
 shared only its ~~the~~ shadow.
 Next I saw some black
 monkeys. their shadows.
 After I saw a cold
 water ~~can~~ being. ~~ix~~ ~~Ar~~ ~~ter~~
 that I saw to ~~scare~~ me
 checky ~~climbs~~. Then I
 saw a ~~big~~ nest.
 I saw ~~not~~ ~~the~~ ~~only~~ ~~mark~~
~~mark~~ there ~~but~~ ~~flies~~.

① A fantastic diary well done.
 ☺ W.
