✓ Excellent writing
 Afie - you have really
 used the lettersounds
 to help you write your
 ideas today. 😊

I helped Afie with the first part of his
 sentence, he then wrote the last part independently.

Dear Mrs Potter

I am writing to persuade you that if we can have tablets / iPads in every lesson, then these are my reasons why...

First if we had tablets or iPads in every lesson and we don't know that much information, we could use them for finding out information. Further more, it will give a chance for everyone even they don't have one to go on them. Plus if another child has a special needs then the laptops for ICT we could use the tablets.

Another reason: if we do not have neat handwriting we could use them to write over another word. The people who have good handwriting can use them too!

But if we are silly with them you would have to take them away! However we could use them if we were working extremely hard for a reward and play games. I think it might work!

In my opinion, I think that we could be trusted with them and use them. How well will our education benefit? Is a fun way to learn and we still will work hard (hopefully). So, about what will you say (Please say yes) I think our school class would really love to have an internet class because they have computers for every single student. electronic devices to use while working. It would be wonderful if you say yes.
