You have done well because.....

You could improve.....

One dark-wet and stormy day
a group of cave people crept into a
stony gorge. They could see
a dinosaur howling loudly in
the distance. They shivered
and tried to run quickly
with their packs of
very hard and sharp
Lanterns in a pitchy
darkness. They were
afraid.

(G) Now! You have worked so hard, get a
learning star.

Today with R ^{Stomped} As the door creaked open, the Minotaur trambled through the darkness of the labyrinth, his glow red eyes glaring red prepared to eat human flesh. With ^{purple} horns as sharp as knives blade, the hurlendous Minotaur lashed out at the puny human inhabitant, dig at his razor sharp tusks in the human flesh and ripped out the humans internal organs. There was sudden silence. The Minotaur inhaled his breath gnawing his opponent. His victim. With blood drizzling from his teeth, the Minotaur waited patiently for his next victim.

Very good Panasthe. Good use of variation of sentences for effect too

Would the minotaur 'tremble'? Is he afraid or feeling another emotion? Stomped
