Pecky Penguins

Penguins still have fashion.

Penguins are some of the most recognizable and beloved birds in the world. There are 18 species of penguins in the world.

Penguins have adapted flippers

Most penguins live in Southern Hemisphere

When penguins were born, these babies were grey and puffy!

Penguins catch their food in the water. They use their beaks to catch the fish 🐟

Penguins are flightless penguins.

They love seafood

Did you know? penguins white bellies keep them safe, they look like ice in the water.

The forest was bright green and alive.
The birds fly from tree to tree. Free
frogs jump from flowers to flower.
The flowers are pretty and the
butterflies are beautiful. The tiger had
big eyes and his nose is big and
pink. There are different butterflies.
There was a blue butterfly. The trees
are green and brown, ~~are brown and red~~.
The ladybirds are brown and red.
The forest is alive.

Walt-Move ~~smooth~~ transitions between paragraphs

Finally, you're ready to know that the rainforests are disappearing!

An intelligent person like yourself says, you wouldn't do ~~such~~ such a thing! like this!

I strongly believe you really wouldn't do this did you know energy ~~saved~~ an area the size of a football pitch is getting cut down!

Surely, you wouldn't cut down the rainforest it is such a wonderful place for animals you wouldn't cut down a wonderful place. But you know that 127 rainforests are getting cut down in two minutes.

Finally, let ~~sure~~ sure the rainforest and stop cutting down the rainforest. The animals need a home which is the rainforest.

WALT achieved. Well done!
