

# Good Learners

15<sup>th</sup> September 2017

e.g. 17

WALT: subtract using an efficient method

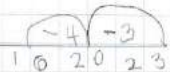

1

$23 - 7 = 16$

$0 + 1 =$

$15 + 2 =$

$14 + 3 =$

This is 16

1

2

$42 - 5 = 37$

$2 + 2 =$

$4 + 1 =$

This is 37

3

$8 + 1 =$

$0 + 3 =$

$7 + 2 =$

This is 73

4

$57 - 8 = 39$

$6 + 2 =$

$5 + 3 =$

This is 39

5

please check

this is 37

$4 + 2 =$

$3 + 3 =$

6

This is 37

$4 + 2 =$

$3 + 3 =$

$91 - 8 = 83$

This is 83

$54 - 86 = 44$

$5 + 13 =$

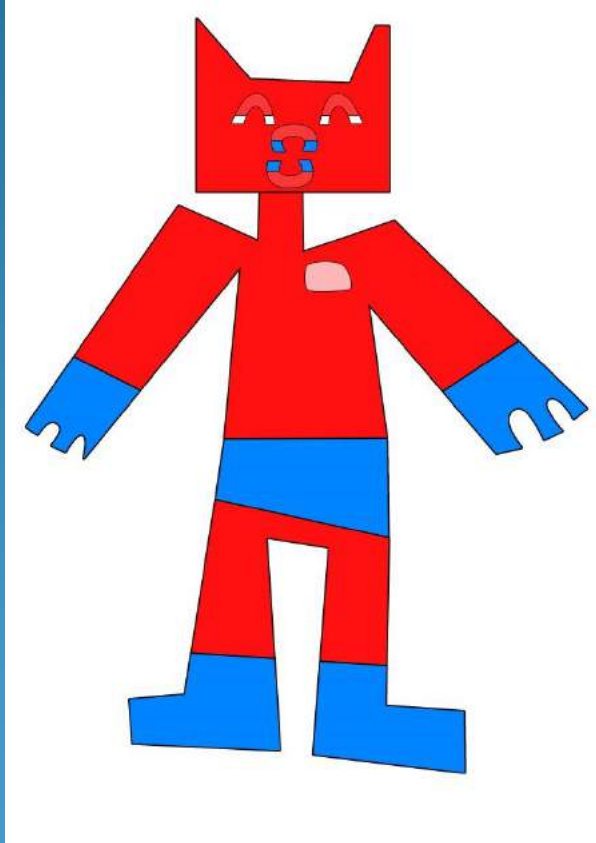

$4 + 2 =$

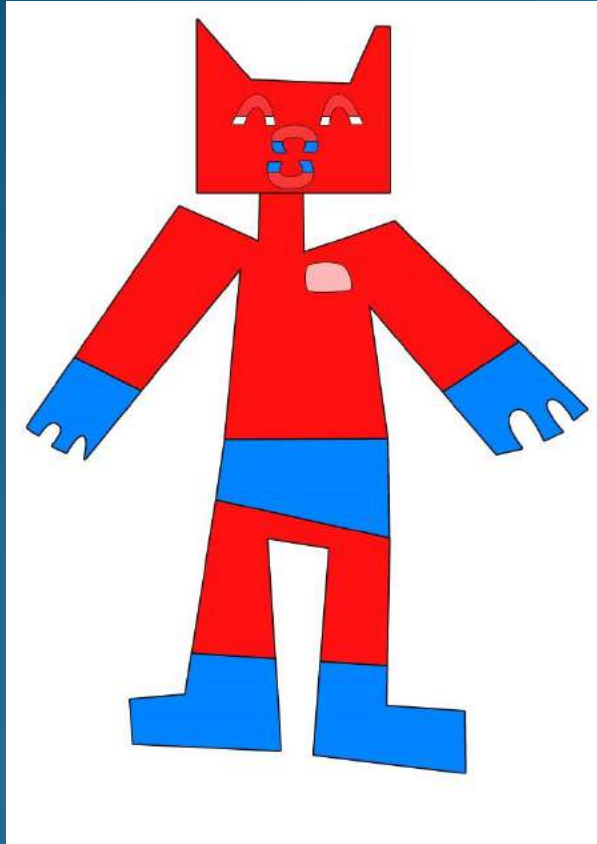

This is 44

Please remember to write your number sentences samantha. ✓✓

Fantastic independent work samantha!

Tuesday 12th September

WALT Use descriptive Phrases

- 1) Is a describe some things
- 2) kunnen lipen walken
- 3) desriben

Success Criteria:

- Created description of Wonka / moving ✓
- Included different starters ✓

Today's Lesson

I worked in a guided group with Mrs Dennett

I 1 Willy Wonka stepped over the red carpet ✓

1 Willy Wonka hobbled across the carpet ✓

next to him was a walking stick ✓

past the factory door was Wonka ✓

Wonka was wearing a purple coat ✓

[1 T. Point]

Well done on your independent learning. Great example of magna HO

11.9.17

13

Wait: write a sentence to describe a dinosaur.  
Use capital letters and full stops and finger spaces.  
Use adjectives.

b d

The dinosaur  
is blue and big

he has big  
pants and

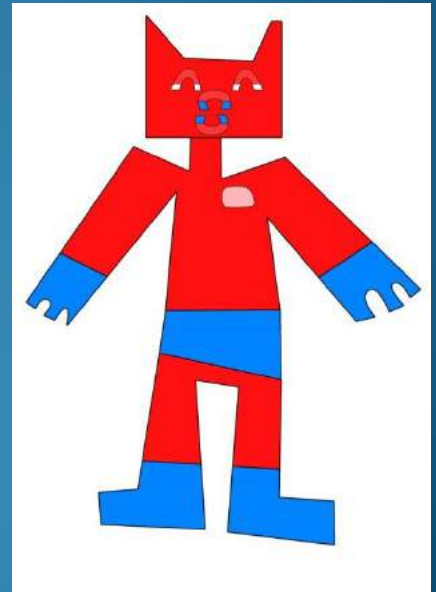

he is blue.

The dinosaur  
has striped  
pants and

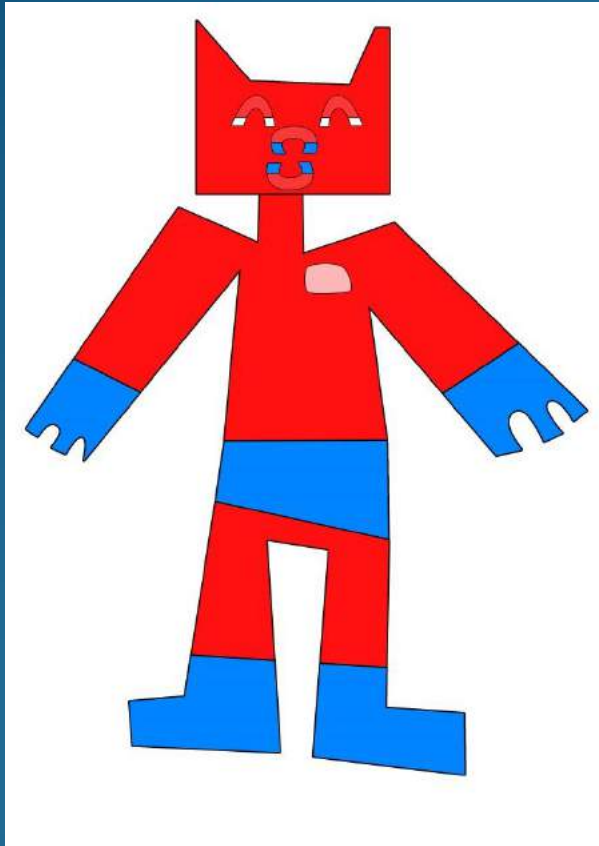

he has  
claws

f b b b - d d d d

\* Super adjectives and using 'and'. You have worked like Kit Young.

WALT: Plan our ideas.

"Where am I? who are you?" questioned Lucy.

"Well Mr. Tumnus and <sup>you're</sup> your in Narnia" explained Mr. Tumnus.

"A gawp what's absurd," declared Lucy.

Mr. Tumnus replied "In the land of Narnia anything is possible."

Narnia "NARNIA!?" what's a Narnia? What? In a winter wonderland there is always a bad person. Lucy shouted.

"Be warned of the evil Ice witch, I work for her" Mr. Tumnus cried.

"WHAT!" Lucy yelled.

"I know, but I don't have a choice..." Mr. Tumnus moaned.

"What will you do?" Lucy inquired. "So that's why your eyes started in water."

"Yes, but I don't have a choice because if I don't shin shin out of my tail, pluck my beard and and of the in going money and it will save of my horns." Mr. Tumnus concocted.

Excellent, well built up conversation between ~~the~~ Mr. Tumnus + Lucy that

Walt: subtract using an egg carton method

1)  $93 - 18 = \underline{75}$

1

75 85 90 93

(-10) (-5) (-3)

2)  $61 - 26 = \underline{35}$

1

35 55 60 61

(-20) (-5) (-1)

3)  $72 - 19 = \underline{53}$

1

53 67 70 72

(-10) (-7) (-2)

4)  $42 - 34 = \underline{8}$

1

8 18 38 40 42

(-10) (-20) (-2) (-2)

5)  $33 - 15 = \underline{18}$

1

18 28 30 33

(-10) (-2) (-3)

6)  $72 - 37 = \underline{35}$

1

35 45 55 65 70 72

(-10) (-10) (-10) (-5) (-2)

8)  $82 - 27 = \underline{55}$

1

55 65 75 80 82

(-10) (-10) (-5) (-2)

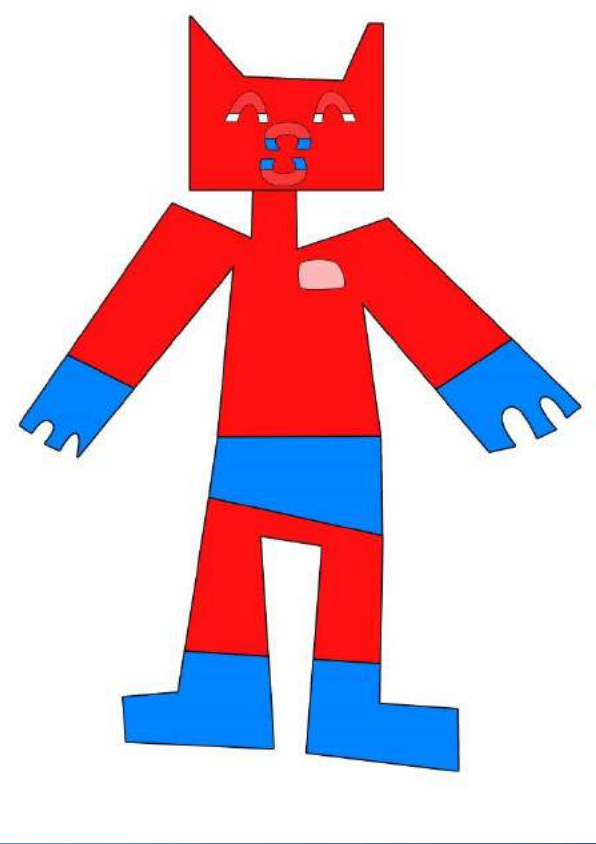

7)  $54 - 29 = \underline{25}$

1

25 35 45 50 54

(-10) (-10) (-5) (-4)

Beautiful work by the way!

Oh... Hi who are you?

scared  
scared

Aaa! You <sup>scared</sup> ~~scared~~ me,  
I'm Mr. Tumms.\*

Oh, I'm so sorry? My name is  
Lucy. Where are <sup>we</sup>?

We are in the land of  
Narnia.

Narnia? What is Narnia.

Narnia is a wonderful  
land of <sup>happiness</sup> happiness, but  
it's been snowing for a  
long time.

Oh how I would like to stay here  
because I ~~love~~ love snow!

✓ What superb collaboration  
This is full of great ideas.

You should get some  
~~sheeter~~ there is cake, sardines and  
tea! <sup>Sardines</sup>

Lucy OK!

✓ Good learners. 😊

Friday 8<sup>th</sup> September

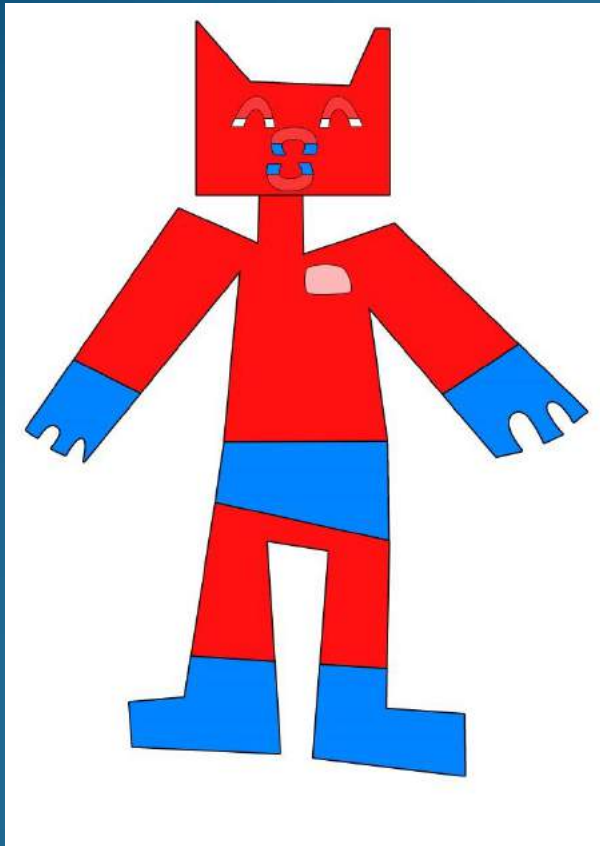

WAIT use persuasive devices

(F) Dear Islanders,

I am writing to you to <sup>formal</sup> convince you to employ this desperate  
kind-hearted gentleman. Why should he suffer when <sup>modal</sup> where not?  
<sub>hyperated word</sub> <sub>constrain</sub>

This man is clearly ~~and~~ capable for this job (after all he did  
make his own raft) It past the test of the seas moreover <sup>was</sup> not  
checked hurriedly and not our standards. Instead of building  
ourselves things such as: chairs, Doors, tables and benches the  
gentleman who desperately needs a job and a life can make  
them for

8-9-17

Well assess our knowledge.

11-9-17

Not round any whole number to a required degree of accuracy

(I)

24,460,235

Nearest 10 = 24,460,240

Nearest 100 = 24,460,200

Nearest 1000 = 24,460,000

Nearest 10,000 = 24,460,000

67,233,568

Nearest 10 = 67,233,570

Nearest 100 = 67,233,600

Nearest 1000 = 67,233,000

Nearest 10,000 = 67,23,000

Use rounding in word problems.
