We would like to take photographs of pupils here at Holbrook Primary School to be published in our printed publications, on our internet website or occasionally external media eg newspapers. As you know we use our school website extensively to show things that we have been doing, celebrate achievements and generally keep you informed. We do not print children's names with their photographs on the website. We use the website in lessons as well. The children love to see themselves portrayed. We are therefore keen to be able to use images of as many children as possible and would therefore appreciate you giving your permission.

Before taking any photographs of your child we need your permission. Please answer questions 1,2 and 3 below, then sign and date the form where indicated.
